

Summary of comments by Lyla Rose on October 7, 2015:

We must stand up to the abortion industry peacefully, lovingly and boldly for the women and for our culture.

It now is a question of WHEN not IF Planned Parenthood will be defunded and abortion will be ended in this country. For us individually, it comes to: "What role will I play?"

We need to progress from here to being more involved and committed. We no longer need to rely on ABC, NBC, etc. but use social media to put powerful pressure on the mainstream media, on politicians and on Planned Parenthood. It is a whole different game now with these investigative videos demonstrating that Planned Parenthood takes born alive babies and callously kills them for money. We can speak the truth to take direct action now.

We have all the resources we need to draw the attention of the public to:

- the truth is on our side
- we, particularly the young people, being the heart beat of this movement
- main stream media can't handle it when confronted by young, peaceful, loving, and passionate people speaking the truth.

The mainstream media wants it all covered up and they hate seeing young people, with your loving and caring approach, calling them out for their crimes.

So, the KEY is being persistent. We are in the middle of the fight now. Share your knowledge.

A lot of American have not seen the videos and so are discrediting them and the activists that filmed them. WE MUST BE FEARLESS AND PATIENT. It takes work. Don't let up. We know of the torture that the babies and the mothers endure. We must FIND NEW AND CREATIVE WAYS TO OVERCOME THIS LACK OF THE PUBLIC'S KNOWLEDGE.

The mainstream media wants us to quit. We know how extraordinarily devastating to Planned Parenthood it is that the public knows the truth. So, here are some ideas for you to continue being involved:

1. Be PATIENT, PERSISTENT and LOVING – THAT IS THE KEY. At work and at school and elsewhere, be patient and loving to those who have not learned and embraced the truths.
2. EDUCATE YOURSELVES. Be ready to give an apologist's explanation, which does not mean "apologizing" for what you know, but personally giving an answer to their questions in a conversation. Study these issues so you can ask questions as to where they are; learn what specific problems they are troubled about right then.
3. COME FROM A POSITION OF LOVE. Let the person know you care about him or her as a fellow human, not just tell them what they must believe. There has never been a human rights/life issue like this in history of this country: over 50 million humans killed. **WE MUST UNDERPIN OUR PASSION WITH A DEEP LOVE OF GOD AND APPRECIATION OF THE BORN AND THE UNBORN.** "Love the least of these." Go sit with God; pray through this. Speak the truth to the world.
4. Watch all the FULL videos and be able to describe Planned Parenthood's activities well. Go around the neighborhood.

God does not lose battles...at the end of the day the battle is His. Our job is in front of us – get the information to the public.

Underage teens are the most powerful witnesses and so are constant targets. The abortion industry promotes sex before marriage, sees the under-aged as most vulnerable to their tactics, etc.

From high school to fresh out of college are the best counter witnesses: it is a powerful statement to politicians and media when young adults speak out and live their lives contrary to the abortion industry's desires.

Prayer for Pro-Life Advocates

Father of our Lord Jesus Christ,
You have filled us with your Holy Spirit,
Who is our advocate in the heavens
And you have made us advocates
For the weakest of all, the unborn.

Your Son has promised us
That we will be hated on account of his Name
And persecuted for the good that we do.

We ask you today to bless
All of us who are advocates for life.
Bless every facet and activity
Of the pro-life movement,
And grant us strength
And perseverance in this cause/
No matter what the obstacles.

Bless all those who have assisted
In the effort to expose Planned Parenthood,
Through projects in the past
And in the present.

Give them, and all of us who work in this great movement
The protection of your Providence
And the peace and joy
That come only from you,
And that nobody can take from us.

We pray in the name of Jesus our Lord. Amen.
